Ethnographer: Armenia emigration having double effect

Emigration is having a double impact on Armenia. On the one hand, it is introducing some innovations to the country, on the other hand, the country is losing a quality workforce, noted ethnographer Aghasi Tadevosyan at a press conference on 4 April. A research shows that the main reason for emigration from Armenia is unemployment, in general, and the absence of high-paying jobs, in particular, he stated.

Armenia, EU launch agreements worth €77.5mln to promote reforms

The Prime Minister's Office of Armenia and the EU Delegation to Armenia held Friday, Jan 16, a ceremony on the launch of eight EU – Armenia Financing Agreements, intended to assist development and reforms in Armenia. The new actions entail an EU contribution of € 77.5 million (44 billion AMD). The eight agreements will support progress in some of the main areas of bilateral cooperation – from agriculture and regional development, through capacity building for the implementation of EU programmes, support to migration and integrated border management, anti-corruption and civil service reforms, to water supply improvement, Yerevan metro rehabilitation and nuclear safety.
